*In the Claims:*

Please substitute the following claim 1 for the pending claim 1:

1. (Once amended) A system for providing a client with access to remote graphics rendering resources at a server, the server comprising:  
an application at the server, wherein said application receives commands from the client; and  
a remote rendering control system that receives graphics instructions from said application, generates modified graphics instructions on the basis of said graphics instructions, and outputs said modified graphics instructions to said graphics rendering resources.
